ART FOR MADISONVILLE-ART MARKET

The Madisonville Art Market was established to provide an opportunity for artists to present their work to the public in as direct and cost effective a manner as possible. It is the belief of the market management that a venue in which artists are permitted to sell and display direct to buyers, without undue indirect costs, will ultimately nurture artists and the appreciation of their work.

The main focus of the market is the promotion of the fine arts, which include the following:

DRAWING AND PAINTING IN: oil, acrylic, gouche, watercolor, pastel, graphite, and mixed media

SCULPTURE & CERAMICS

PHOTOGRAPHY

ETCHING

BLOCK PRINTING

STAINED GLASS

JEWELRY

AND OTHER MEDIA/WORK AS DEEMED APPROPRIATE BY ART FOR MADISONVILLE

It is the intent of the market to offer for sale to the public, works of fine art which are created entirely by the artist/participant. The sale of reproductions of work which were created in their original form by the participant is permitted. The sale, distribution, promotion, or re-sale of images or other work created by those who are not direct participants in the market is prohibited. The market is not an appropriate venue for the sale of traditional crafts such as wood-working, knitting, crocheting, candle-making or other craft items.

PARTICIPATION IN THE MARKET

Artists who desire to participate in the market will submit samples of their work to be juried by a panel of members which reserves the right to accept or reject work, and participation in the market. Samples of work may be submitted as digital files, hard copy samples, or on a website where images can be reviewed. The jury panel will attempt to accommodate as many participants as possible while maintaining a reasonable level of artistic competence in the presentation of art work for sale to the public. Work submitted to the panel should be

reflective of the work to be presented at the market. To submit your work for consideration, send an e-mail with the following information to:
